

Mrs. Easter Steadings Fisher

I was very sad to learn that Easter Fisher had passed away. Easter died of the Covid virus on December 16, 2020. Easter was a major contributor and a valuable resource for the Pacolet Memories website. Easter loved Pacolet and its people. She was vitally interested in what happened to the community. The following are just some of the articles that she furnished:

[The history and story of how the community of Pumpkin Center came to be.](#)

[Photographs of the Pacolet Fire Department.](#)

[Photographs of the Pacolet National Guard.](#)

Photographs for use in several of the albums about Pacolet such as the one about the Fourth of July celebrations, [Album7.](#)

In addition to the above, she would keep me posted about the graduates of [Pacolet High School](#) that had passed away. This helped me keep the list of graduates and their status updated at [Graduate List.](#)

I appreciate all the help she gave me with the Pacolet Memories website and all the contributions she made to the Pacolet community. Her place will be hard to fill. Her obituary is shown below:
